DRAMA CLUB

Discover the world of theatre within a fun and stimulating learning environment. Devise your own imaginative storytelling abilities while focusing on building the narrative structure while creating your own unique characters through our team building theatre activities. Perform at the end of each semester for your friends and family members.

MUSICAL PLAYHOUSE

Acting, Singing and Dancing all take centre stage with TYCs Musical Playhouse. With an emphasis on getting creative and putting their own creative ideas on stage, your young performer will soar with creative confidence and a love and passion for theatre. With a focus on students either devising their own story or rehearsing a scripted production, all performers will be nurtured through our youth theatre framework.

CHOIR CLUB

Use your musical talent and creativity to perform as a team and create beautiful harmonies and songs as you work towards an end of semester showcase. You will explore your musicality, performance skills and develop the skills to read sheet music, different styles and genres of music that may be challenging but always enjoyable. Not only will you learn to perform to a high level, but they will also learn about the importance of understanding the voice, how to properly warm up and perform without straining or injuring the voice and different ways to use and manipulate it to create a certain sound.

PRIVATE COACHING

Does your young performer want to get to that next level of performance? Or would they benefit from an individualised class to explore their school speeches, upcoming school drama performances, or some extra assistance for their Drama Club Class? Then Private Coaching is for you. We will tailor make a season of classes specifically for your child.
