TO RECEIVE A **PACKAGE DISCOUNT**.

## CHOIR CLUB

Students will gain the skills of team work, musicality, performance skills and the ability to read sheet music which are all invaluable tools in the music and theatre world. They will perform different styles and genres of music that may be challenging but always enjoyable. Not only will they learn to perform to a high level, but they will also learn about the importance of understanding the voice, how to properly warm up and perform without straining or injuring the voice and different ways to use and manipulate it to create a certain sound.

## FILM PRODUCTION

Film Production Crew participants will apply their knowledge and understanding of film creation, while utilizing elements of photography and film production to develop creative and imaginative short films. Although students of TYCs film development and production workshop may already be completing film studies at school, or may have previously done so, they will be able to share their insights with others who are new to this fascinating art form.

## CREATIVE WRITING

During TYCs Creative Writing Troupe Workshop Program participants will apply their knowledge and understanding of theatre, creative writing and performance in an imaginative environment. Students participating in TYCs Creative Writing Troupe Program may already be studying creative writing or drama at school or have previously done so, while some students may be completely new to the creative world.

### ENTERTAINMENT CREW

During TYCs Entertainment Troupe Workshop Program participants will apply their knowledge and understanding of theatre, improvisation, devising and interactive character performance in an imaginative environment. Students participating in TYCs Entertainment Troupe Program may already be studying performance or drama at school or have previously done so, while some students may be completely new to the creative world.

TYC provides students with a practical application of story and character based interactive performance for theatre and an opportunity to explore and study character and narrative stimuli.

### ACTING FOR FILM

TYC provides students to gain invaluable tools for understanding the subtle mannerisms that are critical for on-camera work. Learn to read, prepare and develop screen presence and acting skills for rehearsing and performing scenes to camera with professional input, direction and feedback. Students get the opportunity to practice the techniques and skills they have gained in class with exercises that are shot and reviewed.

### PRIVATE DRAMA COACHING

Does your young performer want to get to that next level of performance? Or would they benefit from an individualised class to explore their school speeches, upcoming school drama performances, or some extra assistance for their weekly classes? Then Private Coaching is for you. We will tailor make a season of classes specifically for your child.
